

# Substance Use During Adolescence: An Overview of Trends, Risk Factors, and Consequences

MCBAP/CME/Social Work CEU credits approved  
Meets 1 Credit for the DEA SUD Training Requirements

Please join the Michigan Opioid Collaborative for a presentation and discussion on an overview of substance use during adolescence. Developmental Psychologist and Research Assistant Professor, Dr. Meghan Martz, will discuss the factors that make adolescent youth particularly vulnerable to risk taking behaviors, such as substance use. This presentation will focus on current trends in substance use behavior among adolescents, risk factors, and consequences of use. Q&A and discussion to follow.

## Presenter:

Meghan Martz, PhD

July 14  
12 PM - 1 PM
