

Northern Michigan Roundtable: Sublocade 101

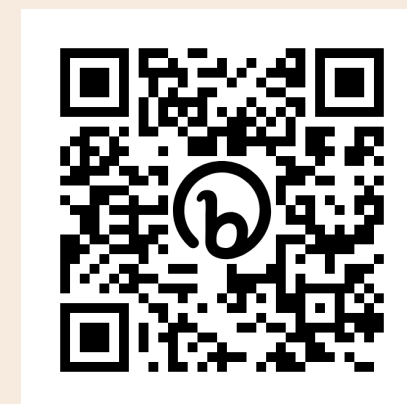

Please join the Michigan Opioid Collaborative for an overview on Sublocade (Injectable Extended-Release Buprenorphine Formulation) for the treatment of Opioid Use Disorder. This presentation will cover the physician/patient conversation that takes place in determining Sublocade as the best treatment, how Sublocade is administered and how it works in comparison to sublingual buprenorphine, and changes to dosing in the age of Fentanyl. Q & A and discussion to follow.

Presenters:

Paul Trowbridge, MD
Jolene Johnson, RN

Oct. 25
12 - 1 PM
